**Environmentally
Certified Products**

Environmentally Certified Products

These symbols assure you that these products are not only safer to use, but deliver high quality results and have minimum environmental impact.

ECOLOGO® Product Certification is designed to support a continuing effort to improve and maintain environmental quality by reducing energy and materials consumption and by minimizing the impacts of pollution generated by the production, use and disposal of goods and services.

Certification under ECOLOGO demonstrate environmental leadership throughout their life-cycle and meet requirements for:

- Performance
- Limited toxicity for aquatic and other organisms
- Biodegradability and low potential for bioaccumulation
- Limits on ingredients that are considered likely to contribute to specific environmental impacts
- Limited waste and resource use

Green Seal® is a non-profit organization devoted to environmental standard setting, product certification, and public education. Green Seal's mission is to work towards environmental sustainability by identifying and promoting environmentally responsible products, purchasing, and production. Through its standard setting, certification and education programs, Green Seal:

The intent of Green Seal's environmental requirements is to reduce, to the extent technologically and economically feasible, the environmental impacts associated with the manufacture, use and disposal of products. Set on a category-by-category basis, Environmental Standards focus on significant opportunities to reduce a product's environmental impact.

Underwriters Laboratories is an industry-independent, non-profit organization that oversees **GREENGUARD**® Certification. Underwriters Laboratories is a global company with more than 120 years of expertise that established a true third-party product certification program based on proven emissions standards and to provide specifying and procurement professionals with a resource for low-emitting products.

The **GREENGUARD**® Gold Children & Schools standard, which evaluates the sensitive nature of school populations combined with the unique building characteristics found in schools, and presents the most rigorous product emissions criteria to date. To date, more than 100 manufacturers across various industries offer **GREENGUARD**® Gold Indoor Air Quality Certified® Products.

The **BioPreferred**® Program was founded by the U.S. Department of Agriculture (USDA). The objective of the USDA and its program is to increase the purchase and use of products that come from plants, marine and forestry materials, and other renewable agricultural resources that meet these requirements:

- Formulas are derived in part from renewable agricultural resources
- Sourced materials come from farms and plantations
- Bio-based material replace petroleum based materials found in traditional cleaning products

Manual Detergents	Product Description	Product Code	Pack Size	Dilution Ratio
	<p>Advance^{TM/MC} Clean Rinse Aid </p> <p>A Surfactant Based Liquid Rinse Additive for Mechanical Warewashing. The quick drying formula gives streak and spot free results and its low foaming action aids in the prevention of spotting.</p>	3318284 	4 x 1 gal.	1:5000
		3318292 	1 x 5 gal.	1:5000
	<p>Suma[®] Light D1.2 Hand Dishwashing Detergent </p> <p>Economy, yellow-green liquid detergent for cleaning pots, pans, china, glass and all washable utensils. It is a blend of nonionic and anionic surfactants which cuts through grease and dried-on food and makes rinsing easy and streak-free. Clear yellow green in color with a citrus scent.</p>	957229280	4 x 1 gal.	1:800
		957229100	1 x 5 gal.	
	<p>Suma[®] Rinse A5 Rinse Aid </p> <p>Economy rinse aid for soft-to-medium water conditions. Especially formulated for use in a wide range of warewashing machines. Contains a special blend of non-ionic surfactants for rapid spot and streak-free drying. Clear blue in color with a surfactant scent.</p>	57268280	4 x 1 gal.	1:800
		57268100	1 x 5 gal.	
	<p>Suma[®] Select A7 Rinse Aid </p> <p>Premium, high-yield rinse aid for all water conditions. This special blend of nonionic surfactants is designed to lower the surface tension of the final rinsing water. This prevents droplet formation, and because the water sheets off the surface in a thin layer, drying times are also reduced. Opaque blue in color with a surfactant scent.</p>	957273280	4 x 1 gal.	1:5000
		957273100	1 x 5 gal.	1:10000

Cleaning Tools & Machines

Pace®
High Impact
Cleaning System

High Impact Floor Cleaning System with Microfiber Pads. Delivers rapid, high-efficiency cleaning on all types of floors, significantly reducing overall operating costs while providing substantial environmental and ergonomic benefits.

Environmentally Certified Products

Diversey believes that being environmentally responsible is critical for building a sustainable business and promoting human progress. In addition to our green certified products, Diversey offers a Healthy High Performance Cleaning program. Integral to our mission is to provide solutions for customers that help them become more sustainable. Our experience working through LEED projects within our own portfolio uniquely qualifies Diversey as an able partner.

Healthy High Performance Cleaning (HHPC) provides the pathway and best practices to clean and maintain sustainable buildings. As the only cleaning system certified for its impact on Indoor Air Quality by the GREENGUARD® Environmental Institute, it stands as a complete green cleaning program that helps meet requirements of LEED for Existing Buildings.

HHPC includes an assessment of your facilities and current operations. Combined with our portfolio of green cleaning products, tools, equipment, procedures, training, and written policies, Diversey can contribute toward earning one prerequisite and up to six points for LEED Building Operations and Maintenance Certification. Everything we do reflects our commitment to be a true environmental leader. It's not only the right thing to do - it's the right business thing to do for our customers.

Diversey's mission is to protect and care for people through leading hygiene, infection prevention, and cleaning solutions. We develop and deliver innovative products, services, and technologies that save lives and protect our environment. Over the course of 95 years, the Diversey brand has become synonymous with product quality, service, and innovation.
