Providing Exceptional Quality Since 1962

## Green has always been our philosophy

At U S Chemical, we believe that “GREEN” is a continual commitment to our customers and the environment. Environmental concern is the philosophy by which we have been doing business for the past 50 years.

All of U S Chemical's products are made to the highest standards. Our plant is ISO 9001 and 14001 certified. These certifications guarantee that efficient and sound environmental procedures are followed. This not only guarantees the consistent quality of our products, but also insures compliance of state and federal regulations.

Our commitment to sustainability is evident throughout our product lines that include: post consumer corrugate, 100% recyclable bottles and canisters, Safer Choice and Green Seal® approved products offering highly concentrated formulas, which require less packaging and freight and a complete line of High Efficiency (HE) laundry products.

# LOGO EXPLANATION

## Green Seal® Certified

Green Seal® works with manufacturers at all levels to “green” the production and purchasing chain. They utilize a life-cycle approach, which means they evaluate a product or service beginning with material extraction, continuing with manufacturing and use and ending with recycling and disposal. Products only become Green Seal® certified after rigorous testing and evaluation, including on-site plant visits.

When a product becomes Green Seal® certified it means that the product has been tested according to science-based procedures, that it works as well or better than others in its class and that it has been evaluated without bias or conflict of interest. The Green “Seal of Approval” has come to stand for reliability, fairness and integrity.

Green Seal® provides a business advantage since it identifies a product as environmentally preferable, provides third-party corroboration of environmental claims and distinguishes a product from competitors that can’t support their environmental assertions. The Green Seal® logo may be used on packaging, in promotional material, in catalogs and in advertising for products that have been certified to meet the applicable standard.

## Safer Choice

Finding products that are safer for you, your family and the environment should be easy—that’s why EPA created the Safer Choice logo. The Safer Choice logo on a label helps you identify products with safer chemical ingredients, without sacrificing quality or performance. When you see a product with the Safer Choice logo, it means that every ingredient in the product has been evaluated by EPA scientists. Only the safest ingredients are allowed in products with the Safer Choice logo.

The Safer Choice Program, formerly known as Design for the Environment (DfE) Safer Product Labeling Program, was developed in 1997 and draws upon chemical and environmental expertise from the EPA. Safer Choice uses the technical tools and expertise of EPA’s new chemicals program to evaluate the environmental and human health impacts of every chemical ingredient in a product, allowing only the safest ingredients in labeled products. As a voluntary partnership program, Safer Choice brings all interested parties together to advance sustainability in chemical products.

Safer Choice encourages manufacturers to reach a high bar to create safer products. To qualify for the Safer Choice label, products must meet the Safer Choice Standard and the appropriate criteria for safer chemical ingredients, available at: [www2.epa.gov/saferchoice/standard](http://www2.epa.gov/saferchoice/standard). The program develops and continually improves its criteria through a multi-stakeholder process. The program’s technical committees include members of the chemical industry, product manufacturers, environmental and health advocates and academics who inform the process and advance safer formulations.

## Readily Biodegradable Surfactants (RBS)

The Readily Biodegradable Surfactants symbol reflects that the product has changed to incorporate biodegradable surfactants, replacing alkylphenol ethoxylates (APEO’s).

APEO’s are non-ionic surfactants with an emulsifying and dispersing action, which makes them suitable for a very large variety of applications.

Surfactants are used in a variety of applications including fabric cleaners, hard surface cleaners and other detergent formulations. The term “surfactant” means “surface active agent”. Many surfactants give rise to environmental concerns due to their poor biodegradability, their toxicity and their potential to act as endocrine disrupters.

# WAREWASH

## MiniMAX Mechanical Warewash Rinse

Mechanical Warewash Rinse is a super-concentrated machine warewashing rinse. It is designed to provide spot-free dishware in all water conditions and can be used in both high and low temperature dishwashing applications. This product provides minimum packaging and maximum performance.

4486298 - 2/3100 mL

## Quickline™ Inception™

Inception is a highly concentrated, superior performing product. This product will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds. The real value associated with using this product is the long term labor savings and cost reductions realized with every wash.

5577651 - 8/38 ounce

## Surety™ Delimer

[epa.gov/dfesaferchoice](http://epa.gov/dfesaferchoice)

Delimer is a high performance lime scale remover, this product will provide quick penetration of lime soils with free rinsing for exceptional results. This product is designed to tackle the toughest soils as it can be used at any concentration. It is an excellent choice for recirculation cleaning of dishmachines as well as the general removal of mineral deposits on kitchen equipment or utensils.

Recognized for safer chemistry.  
[www.epa.gov/dfesaferchoice](http://www.epa.gov/dfesaferchoice)

5493369 - 4/1 gallon

## Surety™ Pot & Pan Detergent

[epa.gov/dfesaferchoice](http://epa.gov/dfesaferchoice)

Surety™ Pot & Pan Detergent is a top quality, liquid detergent designed for all food service and manual cleaning. It is the finest liquid detergent available for dishes, glasses, silverware, pots, pans and utensils. This product is kind to hands and works well in hard or soft water. It is a fine grease cutter, gives long lasting suds, excellent soil suspension and rapid free rinsing for fast, brilliant drying.

5369093 - 4/1 gallon

# WAREWASH

## Surety™ Premium Rinse Additive

Premium Rinse Additive is designed to lower water surface tension, providing clean, spot-free dishware in all temperatures. This product will do an effective job in most water conditions eliminating the worry of water mineral spots remaining on the dishware.

Recognized for safer chemistry.  
[www.epa.gov/dfsafefchoice](http://www.epa.gov/dfsafefchoice)

**5396139 - 4/1 gallon**

## Ultra Active® Pot N' Pan 1

Ultra Active Pot n' Pan is an excellent grease cutting, high sudsing product with institutional strength and convenient packaging. This product is long lasting and has a very low use cost.

**064868 - 2/1500 mL**

## Ultra Active® Presoak 2

Ultra Active Presoak is a highly concentrated presoak for silver and stainless flatware. Presoak is a specially formulated compound with unique formula to remove tough soils from flatware. It penetrates soils quickly and improves silverware appearance at a low use cost.

**064871 - 2/1500 mL**

# WAREWASH/HANDWASHING

## USC Amber Suds

Amber Suds is an economical manual pot and pan detergent designed for institutional use. It is fortified with the high suds, grease cutting components that make up the most expensive of products, yet costs much less. This product is mild to the hands and has a pleasant lemon scent.

**057513 - 4/1 gallon**  
**057515 - 5 gallon**

## USC Aqua-Foam™

Aqua-Foam™ is a highly concentrated, superior performing product. Aqua-Foam™ will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds. The advantage to using this product is that it will provide food service personnel a quick, yet extremely efficient way to wash heavily soiled dishware. The real value associated with using Aqua-Foam™ is the long term labor savings and cost reductions realized with every wash.

**057581 - 4/1 gallon**  
**057583 - 5 gallon**

## USC Fiesta

Fiesta is for use in food service areas. It will eliminate those unwanted food soils, such as grease, oil, and fat that are commonly found on soiled kitchenware. This mild product does not harshly affect hands, as other products of this type may. This product provides a clean, fresh scent, long lasting suds and spotless kitchenware.

**057478 - 4/1 gallon**  
**057480 - 5 gallon**

## Indulgence™ Foaming Hand Soap

Indulgence Foaming Hand Soap is a foaming hand soap that features Aloe and Vitamin E. It is red in color and has a fruity floral fragrance. It will eliminate a wide variety of germs while being gentle on hands.

**4327414 - 4/1000 mL**

\*This product meets Green Seal® Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

# WAREWASH

# HOUSEKEEPING

## MixMate™ Citrus Neutral Cleaner I

Citrus Neutral Cleaner is a concentrated product for cleaning, maintenance and degreasing of all washable surfaces. It will safely and economically remove grease, grime, dirt and the toughest stains.

**063066 - 2/1 gallon**

## MixMate™ Fresh Linen

Fresh Linen is a general purpose air freshener and malodor counteractive that effectively eliminates malodors at their source. Fresh Linen removes the odors associated with garbage pails, waste baskets, cigarette urns, garbage disposals, urinals, toilets and bed pans.

**5274887 - 2/3100 mL**

## Quickline™ Xenon™

Xenon provides quick, streak-free cleaning on multiple surfaces, including glass, plastic and vinyl. With its penetrating properties and built-in water conditioners, Xenon effortlessly removes soil, smudges, streaks and smears.

**3187405 - 6/1 quart**

## Surety™ Quickline™ Grill and Oven

[epa.gov/dfsafeschoice](http://epa.gov/dfsafeschoice)

Grill and Oven is a heat-activated, RTU formula that is safe for use on aluminum and Safer Choice recognized. It also removes baked-on food and cooking oil from ovens, grills, waffle irons and griddles. Recognized for safer chemistry. [www.epa.gov/dfsafeschoice](http://www.epa.gov/dfsafeschoice)

**5493238 - 6/1 quart**

# HOUSEKEEPING

## Surety™ All Purpose Cleaner

Surety™ All Purpose Cleaner can be used for daily cleaning of all water washable, hard surfaces, including floors. This product is ideal for cleaning offices, restrooms, kitchens, health care facilities, activity rooms, desks, employee lounges, restaurants and shop floors. Surety All Purpose Cleaner can be used in a mop and bucket or spray and wipe application. Not for use on food contact surfaces.

**4421363 - 4/1 gallon**

## Surety™ Glass & Surface Cleaner

Glass & Surface Cleaner is a pH neutral and non-corrosive glass cleaner. It can be used on glass as well as many other water washable surfaces such as chrome, stainless steel, sinks, counter tops and bathroom surfaces. Surety Glass & Surface Cleaner leaves surfaces streak free, wipes clean and dries quickly.

**5492198 - 4/64 ounce**  
**4617657 - 2/1500 mL**  
**4421443 - 4/1 gallon**

## Surety™ Hydrogen Peroxide G.P. Cleaner

This product is a unique hydrogen peroxide fortified product that is one of the most versatile general purpose cleaners on the market. From glass cleaner to carpet spot remover, this product has a variety of uses when used at different dilutions. Designed with a powerful surfactant, Surety Hydrogen Peroxide G.P. Cleaner penetrates and lifts tough soils without harsh solvents or alkalis.

**4504417 - 4/1 gallon**

## Surety™ Neutral Cleaner

Neutral Cleaner is formulated with a detergent system that provides the performance of a general purpose cleaner, without alkalinity or solvents. This product is pH neutral so it won't damage or dull the shine of the floor finish. It is safe for use on most floor types and washable surfaces. It does not require rinsing on non-food contact surfaces and can be used in buckets, spray bottles or in automatic scrubbing machines.

**4422024 - 4/1 gallon**

\*This product meets Green Seal® Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

# HOUSEKEEPING

## Surety™ Tub & Tile Cleaner

Tub & Tile Cleaner is a non-corrosive, mild acid restroom cleaner. It is an excellent daily use cleaner to remove all types of soils from restroom fixtures, tiles, shower doors and any other water washable surface. With regular use, this product will help control hard water scale and soap scum that can result from minerals in the water. Surety Tub & Tile Cleaner promotes sheeting action. Bathroom fixtures will dry spot free and sparkling.

**5492278 - 4/64 ounce**  
**5018576 - 2/3100 mL**

## USC Floorbac™

FloorBac™ uses surfactant cleaning technology combined with enzyme producing bacteria. The result is a one step process which effectively cleans the top surface of the floor, while leaving behind grease eating bacteria that digest build-up in porous tiles and grout. Continuous use of this product produces extremely clean floors with no trace of build up problems that contribute to slip and fall accidents. FloorBac™ is non-corrosive.

**3041220 - 2/1 gallon**

## USC Freezer Cleaner

Freezer Cleaner is specially designed for cleaning walk-in freezers. It provides effective cleaning in sub-zero temperatures, eliminating costly freezer shut down. It is institutional strength, saving time and labor. This product is non-corrosive and ready to use for safety and convenience.

**057717 - 4/1 gallon**

## USC Tub & Tile Cleaner

Tub & Tile Cleaner is an environmentally friendly, non-corrosive, mildly acidic restroom cleaner. It may be used daily to remove soils from restroom fixtures, tiles, shower doors and any other water washable surface. With regular use, this product will help control hard water scale and soap scum that can result from minerals in the water. Its sheeting action helps water run off vertical surfaces without beading, leaving a streak-free finish. Bathroom fixtures will dry spot free and sparkling.

**5598890 - 4/1 gallon**

\*This product meets Green Seal® Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.

# LAUNDRY

## USC Liquid Laundry Suds

Liquid Laundry Suds is a liquid detergent designed for use in combination with a recommended liquid break. The combination of these products provides the ultimate in cleaning performance, economy and flexibility. It rapidly wets and penetrates cloth, lifts soil, emulsifies greases and oils and prevents soil redeposition.

**057277 - 5 gallon**
